Re: Fall River LFG plant Application towards the New Hampshire RPS – Class III (LFG)

Dear Mrs. Reno,

Please find enclosed to this letter the application for Gas Recovery Systems towards the New Hampshire Renewable Portfolio Standard – Class III Resource.

Gas Recovery Systems had a constructed a 5.7 MW LFG system located in Fall River, Massachusetts. The project came online on August 1, 2000 and has begun producing electricity. This project has been certified under the Massachusetts and Connecticut renewable portfolio standards.

Should you have any questions regarding this material please do not hesitate to contact me at 914.323.0257 or Massimo Passini (914) 352-7654.

Again, we appreciate this opportunity and look forward to your review of our proposal.

Sincerely,

Supria Ranade

Associate – Renewable Energy Markets
